ATION

This, Wheat Ridge High's yearbook, is the story of a year that will stand out in the memories of those who were involved.

Tradition links this year to those past and those in the future, but this year is not identical to any other. We have moved on, broken with tradition in the hope of finding better ways. We feel this year has been an exceptional one for new projects. In order to capture the true feeling of this year we felt a need to break with tradition in this book. We have done some things not before done. We have eliminated features before included. We hope the result is the accurately told story of this year.

We have dedicated much work to placing this year in print. We wish to dedicate the book, the 1962 Agrarian, not to any individual or to any group, but to the year 1961–62. May this year prove to have been valuable to us and to Wheat Ridge High.

Miss Lynen,
This year has been pure hell for me, but as I grow older I'll probably think this was the best class I had.
Henry (the Brute) Thoreau

Miss Lynen
I think this year has been the best for me in English. I learned a tremendous amount, not of english but of human nature. Thanks a lot for your team.
Sincerely yours
Patty
Pat Bailey
P.S. Good luck and do continue teaching.

Miss Lynen,
Even though I didn't make a good showing the last quarter, I truly feel I learned many things this year. Thank you so much for having the patience to put up me and still try to pound some knowledge into my thick skull. Thanks so very much.
I wish you the very best of health & luck in the future!
Sincerely yours
Helen Conner

ACADEMIC ACHIEVEMENT AWARDS

Each spring the Academic Achievement Award is presented to those students who are in the top five per cent of their respective class. This award consists of a pin presented in an honor assembly at their school. Frst year winners receive a bronze pin, second year winners receive a silver pin, and third year winners receive a gold pin. In the preceding years there has been a banquet held in honor of all the winners throughout Jefferson County, but this year it was impossible due to the great increase in the number of winners.

To achieve the standing of the top five per cent in one's class takes steady, diligent work, and the winners deserve the respect of all.

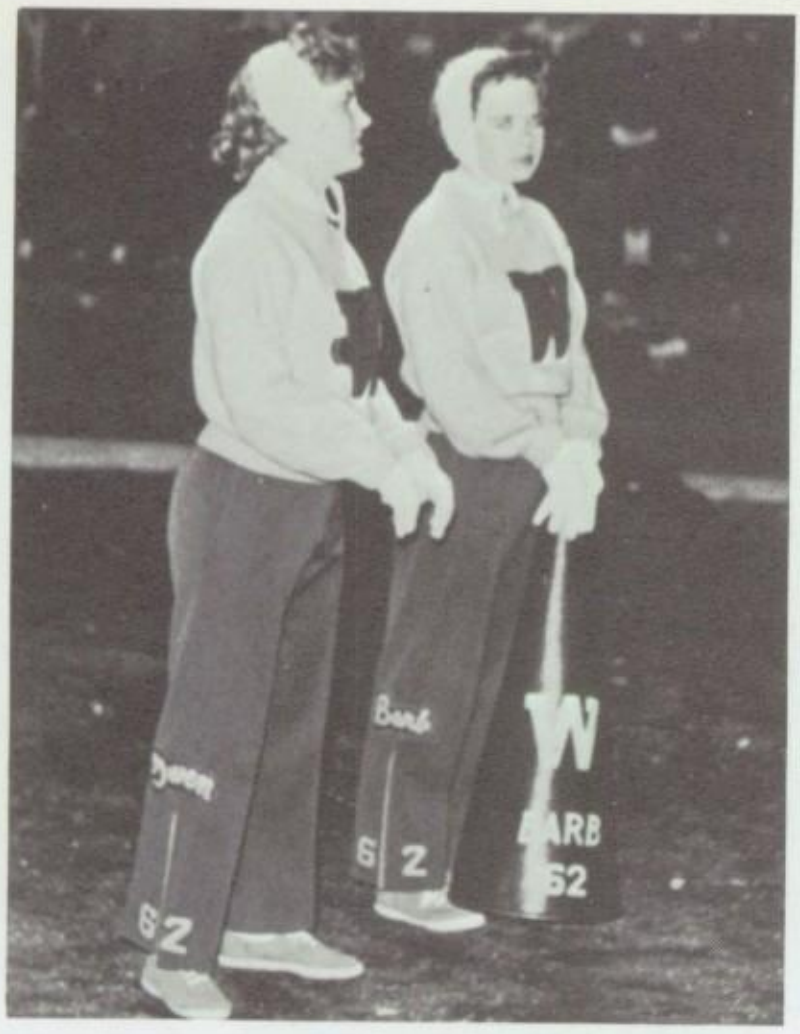
POM-POM GIRLS

This year WRHS initiated something new. Now our letter-girls are also known as pom-pom girls. These girls are chosen for their superior work in Pep Club during their Junior year. They have had additional obligations and requirements to meet serving as pom-pom girls. Many hours of hard practice are put into the routines which they perform at pep-rallies and half-times of the basketball games. They have added greatly to these events and we all appreciate their hard work.



Gwen and Barb sometimes suffer through wintry football games.

During the 1961 Football Season, the Wheat Ridge Farmers had one of the best seasons in years. Tied for third place in league competition, they had a win-loss record of 7-3, with twenty-six members of the team earning their letters.

For the all county team, Don Leebrick was chosen as quarterback, first team, with Chuck Cooke, Rich Martinez and Terry Newsom gaining positions on the second team. Larry Christensen was honored earlier in the year by being named Post Player of the Week.

Chuck Cooke was chosen as honorary team Capt. by his team mates and Coach Knuckles. Most valuable player was Don Leebrick. Most inspired player, Ned Pearce, most improved back, Dave Parks, most improved lineman, Terry Newsom.

Scoring 182 points total to 99 points total scored by opponents, Wheat Ridge did a great job this year.

Coach Moore talks to his boys

Harvey "Hook" Moore came to Wheat Ridge High in the middle of the 1960 season. He took over from Mel Schwartz, who had been appointed to a county supervisor position, and piloted the Farmers to the league championship.

In 1961 Moore surprised many by showing a top-rate team which finished second in the conference to gain a state tournament berth. The team made an outstanding showing at state against George Washington, which went on to become state champs.

In his third season at WHS, Moore has again assembled an outstanding team which finished near the top. With an almost entirely junior squad this year, next year looks good for Mr. Moore and Farmer basketball.

Our hats off to "Hook" Moore, a man who truly deserves the title "Coach."

I might as well sign this picture, I'm ashamed of the other one. Thanks for a lot of fun and inspiration.

THE LAST WORD

Many hours of work go into the creation of a book, and this one is no exception. Each staff member devoted much of his time so that the 1962 Agrarian might be. Several nights the staff worked long after the building had been deserted. If we have produced a book of which the student body is proud, the time was well spent.

Eighteen staff members could not alone have created a book of this type. We wish to thank Mr. John Roberts, our sponsor, for the help he has given us. Thanks to Mr. Jack Eckert, advisor from American-Myers. He pulled us out of many trouble spots. Thanks, too, to the many students who have helped us during the year. These students devoted time and effort to produce this book without any recognition of their efforts. Thank you, kids. Without you this book would have been impossible.

Working on the production of a book of this size has been a terrific experience. Each of us has learned much. We thank Wheat Ridge High for the opportunity to learn and to serve in this manner. As all of us move on to new areas and new positions, we will think back and know we were proud and fortunate to have been a part of the 1962 Agrarian.

You have taught me much

for your hounding. If you
wouldn't have hounded me I
would have shuffled off and
not have done what I was
supposed to.
